SIMS SADDLES RESPONSIBILITY FOR POOR NAVAL WORK ON DANIELS

Says Navy Secretary Did Not Co-operate With the British Admiralty

MADE LOSSES HEAVY

Admiral Declares He Was In Desperation Daily During First War Months

WASHINGTON, Mar. 12. — Secretary of the Navy Danleis was responsible for confusion in the convoying of troops which resulted in unnecessary losses during the war, Admiral Sims declared today before the senate sub-committee investigating charges against the navy department. Admiral Sims said that after the British Admiralty had worked out a convoy system which the allies adopted, Secretary Daniels attempted to put in effect a different plan for American ships.

"The delay of the navy department in accepting the recommendations for the convoy system, in delaying its establishment for some months, resulted directly in some conditions of thousands of tons of shipping lost unnecessarily to the Allied cause as a whole," Admiral Sims said.

Admiral Sims said his letter of January 7, 1920, was a "very mild statement of the serious embarrassments and delays and dangers in putting into effect the convoy system, which was the most important of all the measures used in defeating the submarine campaign against allied shipping."

Sims told the committee of the "real state of desperation in which I found myself almost daily during the first months of the war."

"The cause of this was not a single matter, such as the failure to act on my convoy recommendations, but that in a dozen other matters at the same time I was faced with the same situation, always hoping from day to day that the department would finally relieve the situation and either accept the recommendations or send over somebody in whom they could trust," he said.

American shipping in July 1917, he said, was not more than 5 per cent of the arrivals and departures in the war zone. After 15 months of participation, Sims said, American ships made up less than 12 per cent of the allied tonnage on the lines of communication.

On his request for tug-boats, Sims stated that it was a year after we entered the war before he received any, and that at the time of the armistice, the navy had less than a dozen in Europeon waters.

BATCH CUTTERS READY TO RETURN TO WORK SATURDAY

Batch cutters of the Coshocton glass plant stated Friday afternoon that they were ready to go back to work Saturday morning, the management having agreed to take back one man who had been discharged. They stated that they would not go back unless he is re-instated. There are seven of them.

The carry-in boys were still out Friday and it was stated that the superintendent has been carrying in while the boys are out. The cullet wheelers have not gone out. It is hoped that an adjustment of the matter will soon be reached

WIFE SKIPPED OUT WITH ANOTHER MAN

Ralph H. Johnson was granted a divorce from Elizabeth A Johnson by Judge Milo C. Ely in probate court Thursday on the grounds of extreme cruelty, gross neglect of duty and abandonment. The plaintiff alleged that his wife left Coshocton several weeks ago in the company of a man named West and her present address is unknown. The case was not contested. C Homer Durand was attorney for the plaintiff.

SUBJECT TO ARREST

While Mrs. Nellie Conger says she refuses to live with her husband, Lee Conger, the agreement which she signed with Mayor Tish before she was released plainly specifies that she will live with her husband and take care of her three children and that she will be subject to arrest if she fails to carry out her agreement.

VISCOUNTESS, A NATIVE YANKEE FIGHTS LIQUOR IN GT. BRITAIN

Lady Astor Threatens to Crowd Pussyfoot Johnson From Limelight

WILL TAKE PLATFORM

LONDON, Mar. 12. — William "Pussyfoot" Johnson is in danger of being overshadowed in the fight to make Great Britain dry by Viscountess Astor, despite his spectacular entry into the fray.

Viscountess Astor, who already has opened her campaign in parliament, is determined to see the battle thru to a finish, altho her aims are less drastic than those of the extremist faction led by Mr. Johnson.

In outlining her attitude today she declared she is not a prohibitionist in the strictest sense of the word. While she wants to see the British Isles "bone dry" she believes that restriction and control of the drink question should be the first step in the gradual reforms that would eventually end in prohibition such as the United States has at present.

The American born viscountess takes a practical view of the temperance struggle.

She declared that she is not a "woman with a mission," but merely trying to "do her bit" to make the people happy

"While the whole world is apparently moving towards prohibition I think that England today is not ready for it," declared Viscountess Astor. "Prohibitionists want a whole apple or

REV. SPEER'S VOICE REQUIRES A RESPITE

The Rev Joseph A. Speer, who has been assisting the Rev. John I. Wean in conducting the joint revival campaign of the Methodist and Presbyterion churches at the Grace M. E. church has been compelled to give his voice a rest. He will not occupy the pulpit again before next week.

The Rev. Mr. Speer recently recovered from an attack of influenza which left his voice in a weakened condition. In his enthusiasm for the success of the meetings he has overworked his vocal cords.

The Rev. Mr. Wean will shoulder the burden of the pulpit work and there will be no letup in the efforts toward evangelization.

WHEAT CROP SOLD CLOSER THIS YEAR THAN LAST BY FARMERS, WHO CLING TO CORN SUPPLY; LAND VALUES SOARING

COLUMBUS, O. March 12—The State federal joint crop report issued today shows that 19 per cent of the 1919 wheat crop 10 343,600 bushels still remained on farms in Ohio on March 1, compared to 15 per cent or 6,532,000 bushels a year ago, and 22 per cent, or 9,051,000 bushels on the same date two years ago 30,486,400 bushels or 56 per cent of the 1919 crop has been or will be shipped out of this county where grown, compared to 16,848,000 of the 1918 crop

38 per cent of the 1919 corn crop, or 61,864,000 bushels is reported to be still on farms, compared to 29 per cent or 37,584,000 bushels a year ago, and 41 per cent or 61,541,000 bushels two years ago on March 1 Shortage of labor and bad weather have delayed husking and much corn still remains in the shock. The quality of the 1919 crop was excellent, 87 per cent of the crop being reported as merchantable. 27,676,000 bushels have been or will be shipped out of the county where grown compared to 16,548,000 bushels of the 1918 crop.

35 per cent of the 1919 oat crop still remained on farms March 1, as compared to 36 per cent or 26,928,000 bushels a year ago. Of the total 1919 crop it is estimated that 18,150,300 bushels will enter commercial channels compared to 24,684,000 of the 1918 crop.

The tabulation of county satistics from a questionnaire sent out widely thruout the state on March 1, show some rather interesting results The value of land with buildings shows an average of $130 for the state ranging from $25 in Vinton-co to $325 an acre in Cuyahoga There is an increase of 91 per cent over the average value per acre of $68 as reported by the census in 1910. In 1910 the average value of land in Vinton county was $16 and Cuyahoga $205. The average value of land without improvements has increased from $53 in 1910 to $96 in 1920 or 81 per cent.

The greatest increase has occurred during the past year. On March 1 last year the average value per acre of farm land with buildings was reported to be $109, or in other words an increase in one year of nearly 20 per cent. The returns for the five years previous are as follows. 1918, $105; 1917, $95; 1916, $91; and 1916, $86.

In connection with the rise in the value of land, it is interesting to note the great advance in the value per acre (all farm land considered) of all crops produced, which in 1910 was $9, and for 1919 reached an average of nearly $24 per acre, or an increase of about 166 per cent.

The total valuation of farm land in Ohio with buildings in 1910 was reported by the United States Census at $1,654,000,000. The total estimated value of farm land with buildings at the present time is estimated at $3,144,000,000.

ELEVEN DEAD IN MISSOURI STORM WAKE

Shepherd of the Hills Country In Ozarks Hit By Tornado Late Thursday

SPRINGFIELD, MO., Marchc 12. —With 14 known dead and several still missing, grave fears were held today that re-establishment of communication with isolated Ozark points will add still more to the death toll of the tornado which late Thursday swept the Shepherd of the Hills country.

Three were killed at Nevada where the force of the storm was first felt The full fury of the storm was apparently spent in Turkey Creek valley. The little village of Melva was practically wiped out and 11 are known to have lost their lives there, seven of the dead being children. Other small villages, dotting the Ozark Hills in Turkey Valley were swept by the storm and it is from these it is thot belated reports will bring news of additional loss of life.

White river was still rising early today as a result of the heavy rainfall accompanying the storm and a huge dam at Power Site, at which is located a big electric generating plant, is threatened.

A relief train sent out by the Missouri Pacific brot the injured and homeless to Branson, the largest of three resort points in the "Shepherd of the Hills" country Efforts were being made to reach isolated points with motor launches.

SUPREME COURT IS NEEDED FOR SALARY RAISE

COLUMBUS, O, March 12—Not until the state supreme court decides that they are beneficiaries under the legislation passed at the last legislative session boosting the salaries of members of the state utilities commission and state board of administration will the salaries of Chairman Charles C Marshall and Byron L Clendenning, Democratic members of the utilities commission be raised from $4,500 to $6,000 a year and those of present members of the board of administration be boosted from $4,000 to $5,000 a year. State Auditor Donahey announces he will not pay these salary boosts until they are O Kd by the supreme court

Donahey wants a court interpretation of the provision in the state legislation that salary of a state official shall not be changed during his term of office Marshall and Clendenning were appointed when the salary was $4,500

Beecher W Waltermire, Republican, the other members of the utilities commission, was appointed when the salary was $6,000 Soon after his appointment, his pay was reduced to $4,500 Donahey will permit him to draw $7,500, representing salary arrearages for five years. From now on Waltermire will be paid at the rate of $6,000 annually.

M'ADOO STUTTERS WHEN DISCUSSION OF BOOZE IS ON

WASHINGTON, March 12—William G. McAdoo, is no prophet as to the probable "wet" and "dry" line up at the next Democratic convention. He frankly said so here, and added he would not judge in prophecy.

"You tell 'em I stutter," ejaculated the astute statesman, as he left Secretary Houston's office and was besieged by friends

Mr. McAdoo's retort was provoked by some inquisitive friends who sought to find out what Mr. McAdoo's thots were of William Jennings Bryan's campaign to align all loyal "drys" for the expected battle on the convention floor at San Francisco next summer.

McAdoo shied away from discussion of the liquor question with adroitness To his former assistants at the treasury, however, he delivered himself of some pithy points on the liquor topic These informal remarks are said to have indicated he might be inclined to declare himself as favoring light wines and beer.

PRESIDENTIAL RACE IN OHIO IS LIMITED TO COX, HARDING, WOOD

COLUMBUS, O, March 12 Now that James R Garfield, Cleve and has withdrawn as a candidate for the Republican presidential nomination and Secretary of State Smith has taken the name of James O Monroe, Maywood Ill., off the ballot as a candidate for the democratic presidential nomination, no further withdrawals are anticipated at the Secretary of State's office relative to the April preference primary ballots The time for withdrawals expires tomorrow

On the Republican ticket the presidential candidates are United States Senator Harding and Major General Wood Governor Cox is the only presidential candidate on the democratic ballot.

Monroes name was eliminated following the protest of Ohio democrats that his declaration was faulty.

GOOD FRUIT YEAR IS INDICATED BY SIGNS OF SEASON, GROWERS BELIEVE

Budding Process Held Back By Steady Cold Bids Fair to Escape Frost

ICE DAMAGES WHEAT

Orchardists and horticulturists are generally of the opinion that 1920 will be a good fruit year They base this prediction on the fact that the past winter has been one of evenly low temperatures, but not excessively low.

This favorable condition, they hold, has retarded the budding process and that the middle of March has now arrived and fruit trees are yet in a backward stage They point to the weather records for the past four months to show that at no time has the mercury descended much below the zero point and that in this latitude it takes a night or two with the thermometer ranging from 18 to 25 degrees below zero to kill the peaches and other less hardy fruits.

Cold weather set in a few days after Thanksgiving and the freeze at that time was the forerunner of a steady four month siege of winter. The frost that went into the ground at that time has never left it and those who have had occasion to dig deeply into the ground report that the frost ranges in depth from 16 to 26 inches

Several attempted thaws in January and February failed. But each one contributed a new layer of ice that has completely mantled the earth for the last seven or eight weeks. Some of this ice bids fair to remain as a souvenir of a particularly stiff bit of winter until April puts in her smiling appearance, as along the river courses may yet be seen huge cakes of ice from ten to fourteen inches thick, from ten to twenty feet square and weighing tons.

Farmers are a little fearful of the effect of this unprecedented mass of ice on the wheat fields and meadows. Snow, they claim, is a blessing to the farmer as it protects the wheat like a warm blanket and readily admits air to the slumbering vegetation beneath. But thick layers of ice such as have encrusted the earth for the past two months are practically air proof and have a bad effect on dormant vegetation.

While the wheat fields in this vicinity and, in fact all over Ohio, are not as promising now as they were at this time in March a year ago, yet many farmers entertain the hope that with a return of more favorable weather there is still a chance for marked improvement in the winter wheat crop

Another cause for rejoicing is the indication now that the ice and frost accumulation of the last sixteen weeks will move off gradually without the flood which many predicted weeks ago and for which conditions have been unusually favorable almost since the first of the year.

WOOL GROWERS MET AT KEENE

County Agent G C Musgrove gave a short talk on "Wool Grading and Pooling" at the meeting of the wool growers division of the Coshocton-co Farm Bureau in the schoolhouse at Keene Thursday evening About 75 or 100 men were present and the discussions proved very interesting.

Methods of pooling wool in other states as well as in Ohio were shown by Mr Musgrove He showed that 2,960 pounds of wool were consigned with an increase of 15 cents per pound with a sum of $20,000 and that 1660 pounds of inconsigned wool was increased 10 cents per pound thru being consigned, making $16,600 or a total of $15,000 on the two transactions, this amount being gained by Coshocton-co last year thru this method of pooling

The following officers were elected for the coming year J J Scheetz president, W D Karr, vice president, A T Renfrew, secretary-treasurer; executive board, S. T Elliott, C C Porter and B F. Adams

ARRESTS WILL FOLLOW COURT INDICTMENT OF 125 OPERATORS

Mine Owners In 16 States Charged With Lever Law Violations

ARRAIGNMENTS MAR. 4

Bonds Are Fixed By the Court at $10,000 and $5,000

INDIANAPOLIS, IND, Mar. 12. — Arrests within a week were forecast today following the return of an indictment agaist 125 bituminous coal operators and miners by a special federal grand jury in the United States District Court here today.

Capiases were being prepared today for the arrest of the 125, approximately two thirds of whom are operators and the rest miners. The defendants will be arraigned before Judge A. B. Anderson May 4.

Bonds were fixed by the court at $10,000 in some cases and in others at $5,000. The arrests, it is expected, will reveal sensational developments in line with the government charge prior to the jury probe that the Lever Act was being "grossly, openly and defiantly violated" in conspiracy to restrict the production of coal. The investigation, it was stated, covered the entire coal industry, including the activities of operators, miners and dealers in 16 states during the whole period of the war.

WASHINGTON, March 12.—The question of wage increases for coal miners rests directly with President Wilson today.

The President's coal commission is apparently dissolved. Henry M. Robinson, chairman, of the commission, left early today for his home in Pasadena, California, leaving a statement that he is thru with the coal miners, wage controversy.

Chairman Robinson declared he had sent his report to the President and he would not participate further. This action may forestall any efforts on the part of the President to secure an unanimous report from the commission by getting Robinson and Pearle to confer further with John P. White, labor member of the commission, who has dissented from the majority report.

none. I will accept half an apple or even a quarter of one.

"I fail to see where intoxicating liquor has done any good in this world. I believe that its effects should be minimized as much as possible and its use restricted.

"The important thing is to protect the coming generation from drink. No father wants his children to fall under the influence of alcohol.

"There is another feature: The workingmen must have some recreation other than the degrading bestiality of booze. His interests can never be looked after so long as the breweries are in charge of our liquor business. The first step, therefore, is state ownership of breweries, distilleries and public houses.

"When they are operated by the state public houses must be made to provide good food, tea, coffee, and cocoa, and push the sale of these as well as beer and whiskey. Public house owners now expect to fill up the customer with liquor to the point of intoxication.

"The breweries and public houses can be obtained only by purchase. The British love of fair play would not permit confiscation.

The voters, I believe should have submitted to them by districts three choices: (A)—Continuation of the liquor business as at present. (B)—State ownership and control. (C)—Prohibition.

"When the truth dawns upon the working man he is going to demand changes so as to help create a better England. He is not going to be the alcoholic bully who deprives his own offspring of possible advantages. Personally, I don't pose as 'My Brother's Keeper.' I have no wish to prohibit any person from having his glass of beer. But I am deeply interested in arousing this nation to it's manifest duty of cleansing itself of John Barleycorn's worst features and heritage."

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound,' you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Ladies Let Cuticura Keep Your Skin Fresh and Young

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin. Millions now use his famous prescription

Physicians know that good health depends largely upon proper digestion and elimination and that much sickness results from constipation. No one knows this better than the "family" doctor, the general practioner.

DR. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was graduated from Rush Medical College back in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formulator of that prescription is fortunately living to see its wonderful success.

Women, children and elderly people are especially benefitted by Dr. Caldwell's Syrup Pepsin. While it is promptly effective on the most robust constitution and in the most obstinate cases, it is mild and gentle in its action and does not cause griping and strain. Containing neither opiates nor narcotics, it is safe for the tiniest baby and children like it and take it willingly.

Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home. Where many live someone is sure to need it quickly.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

NEGRO PERVERT GOES TO CHAIR WHILE HIS VICTIMS' KIN LOOK ON

EDDYVILLE, KY., Mar. 12—Petro E Kimbrough, alias Will Lockett, negro, confessed murderer of three women and one little girl, and the probable murder of another woman, was electrocuted Thursday in the prison here.

Two brothers of ten year old Geneva Hardman, for whose murder Lockett was sentenced to death, witnessed the execution, together with seventeen residents of the neighborhood where the murder was committeed. All were searched for weapons as they entered the prison, to forestall a possible last minute outbreak.

Kentucky state guards, armed with machine guns, were at the prison doors.

The electrocution of Lockett made the eleventh, possibly the twelfth death, as a result of his crimes, inclusive of six persons who were killed at Lexington, Ky., in a mob attempt to lynch the negro at the time of his trial.

The negro's confession, made after he was brot here after receiving his death sentence, placed him in a class with the world's worst criminals. His trail of crimes, according to the confession, began in Todd county, Kentucky, when, as an 18 year old youth, he assaulted and choked a white woman to death, escaping a posse sent after him. His next crime was at Carmi, Ills., in 1911, when another white woman became his victim in the same fashion. He said in his confession that "he thot he had killed her, but wasn't quite sure she was dead when he left her."

In 1917 he assaulted and choked to death a negro woman, near Evansville, Ind., several months later, while he was in the army at Camp Taylor, Ky., he murdered a negro woman, following an assault, his most brutal and fiendish crime was committed early in February of this year in Fayette-co, where he attempted to assault little Geneva Hardman, a white school girl, near the school house, to which she was hurrying.

Failing in his attempt he beat the child to death with a stone and hid her body beneath a shock of corn. He was captured soon afterward, and a hasty trial was arranged at Lexington. While the death sentence was being pronounced, a mob attacked the court house and was fired upon by state troops. Six deaths resulted and Lexington was placed under federal martial law for several days.

WOMAN ENAMORED OF ADVERTISING MAN KILLS BOTH

CHICAGO, Mar. 12. — Charges that Mrs. Ruth Randall beautful divorcee, shot and instantly killed Clifford M. Bleyer, wealthy advertising and club member, and then committed suicide, was forecast as the verdict to be given by a coroner's jury today following investigation of the tragic ending of their secret romance.

The motive for Mrs. Randall's act is expected to be shown that she realized she and Bleyer could not live together so she determined they must die together.

Mrs. Andree Bleyer, wife of the slain man and the mother of his two children, declared that she would not attend her husband's funeral and that it could not be held from her home. She was crushed with shame and disappointment at the disclosures revealed by her husband's death.

A new angle to the case developed in the discovery of a letter bearing the name of a Mrs. Margaret Ness White, said to live in Iowa, accusing Mrs. Randall of carrying on a friendship with the former's husband, and warning her to break it.

WAR VETERAN GIVES MESSAGE OF GOOD CHEER

Broken In Health During the Rebellion He at Last Finds Relief In Trutona

MARIETTA, O., March 11.—"I can truthfully say that Trutona is the best medicine I have ever taken in my life and I'm positive I will live many years longer now, because of the benefits this true tonic has given me. I simply feel like a new man, in fact a whole lots younger." Such was the enthusiastic curative praise given Trutona a few days ago by S. H. Neese, 79 years old, and well known Marietta real estate agent, who lives at 814 Front Street.

"I am a veteran of the civil war," Mr. Neese says, and it was while in the service that I began to have trouble with my liver and kidneys. I've suffered more or less from this malady ever since, with terrible pains in my back and sides. I also had severe achings in my forehead and the back of my neck. What little food I was able to eat on account of a very poor appetite, would not digest properly, and which caused nasty spells of dizziness. I was usually constipated and was compelled to take a laxative most all of the time.

"Now I want to say to you, sir, since taking Trutona, I'm convinced that I will live past the four score and ten year mark, and I want the world to know what this wonderful medicine has done for me. All of the pains in my body have left me, and I can see much clearer than before. My kidneys don't give me the trouble they did before I began taking Trutona, and I simply can't get enough to eat at meal times. My constipation has left me, and at night I sleep like an infant. Yes, sir, Trutona has made a different man out of me and I can truthfully say that it is the best medicine I have ever taken in my whole life. I want the people of not only Marietta, but everywhere to know the good Trutona has done for a veteran like myself."

Trutona is now being introduced and explained in Coshocton at Page & Lorenz.

WEST VIRGINIA HAS OWN CANDIDATE FOR THE WHITE HOUSE

LONDON, March 12. — John W. Davis, American ambassador to Great Britain was non-committal upon the presidential boom which has been started for him by the West Virginia Democrats. "I will have to consider the matter before I make any statement," said Mr. Davis

The ambassador said he had not yet received the cablegram which the West Virginia Democratic committee is reported to have sent him asking for his attitude on the presidential boom.

A dispatch from Parkersburg, West Virginia, said that the state Democratic committee had endorsed Mr. Davis for the Democratic nomination for president.

LARGE CROWD AT TUNNEL HILL SALE

A large crowd attended the sale at the Dr. Dean and E. G. Waters farm at Tunnel Hill Thursday. N. W. Barrett was the auctioneer. All the farm implements were sold at reasonable prices. A team of mares, 18 head of cattle and 95 head of sheep, two sows and 17 shoats, and 25 tons of hay and 3,000 feet of lumber, sold at good prices. Fifty bushels of corn were sold at $1.78 per bushel. The sheep brot from $15 to $18 per head.

DO WE WANT ENGLAND'S EXPERIENCE?

THE privileged classes in England in the closing years of the eighteenth century, alarmed at the rising tide of democracy in France, determined to reverse their own stable democracy and moved the government thru their powerful influences, to enact peace-time sedition laws that were for all the world like those Attorney General Palmer seeks to fasten on us.

In the year 1795 the first of these laws was passed in the house of lords. It came as the direct result of agitation for universal suffrage. Votes for women was denounced as "anarchistic," an "invention of the devil," and "directly calculated to destroy the ancient liberties of the British people."

Under this law Thomas Muir, a lawyer who advocated universal suffrage, was arrested. The charge was sedition. He was tried before Justice Swinton and Sir Erskine May, in his Constitutional History of England says that "Lord Swinton could scarcely distinguish Muir's crime from high treason, and said with a ferocity unworthy a Christian judge, 'if punishment adequate to the crime of sedition were to be sought for it could not be found in our law, NOW THAT TORTURE IS UNHAPPILY ABOLISHED!"

So, lacking the right to torture the courageous lawyer, Swinton did the best he could and sentenced him to transportation for fourteen years. All that was charged against Muir was that he urged equal civil and political rights for women and condemned the rotten borough system of electing members to parliament. The latter was then a notorious political practice of England and later on universally condemned and abolished.

The Rev. T. F. Palmer, about the same time urged the equality of the sexes before the law and was tried under a sedition law that, at the time of its enactment, was said by its sponsors not to contemplate the interference with the righs of speech and assemblage. But he was arrested while addressing an open meeting and at which he devoted all his remarks to urging civil and political rights for women. In sentencing The Rev. Mr. Palmer Lord Abercrombie said: "The right of universal suffrage is a right which the subjects of this country never enjoyed; and were they to enjoy it, THEY WOULD NOT LONG ENJOY EITHER LIBERTRY OR A FREE CONSTITUTION."

These odious laws, eating at the root of popular freedom, were enacted while the masses of the English people were asleep. They allowed the privileged classes, principally the landed aristocracy, to deceive them as to the aims of the French liberals. The people were also fooled as to the scope of the proposed laws. They were led to believe that there would be no interference with the right of free speech, a free press and assembly.

Sir Erskine May said of these bills that they "introduced a new law of treason at variance with the principles of existing law, in that THE PROOF OF OVERT ACTS WAS NOW TO BE DISPENSED WITH." And yet the Palmers and Daveys and Grahams ARE SEEKING TO DO THAT VERY SAME THING AND IN IDENTICALLY THE SAME FORM TODAY. Former Supreme Court Justice, Charles Evans Hughes, said at Albany last month: "It is the essence of the institution of liberty that it be recognized THAT GUILT IS PERSONAL and cannot be attributed to the holding of opinion or to mere intent in the absence of overt acts."

When the English people saw that they had been frightened into sanctioning a cunning scheme to pervert their constitutional safeguards of liberty they began a fight to repeal the obnoxious laws. But means of communication and intelligence were slower in those days and the privileged classes more firmly entrenched than they are today, so it was fully thirty years before the battle was won and the last of the odious laws repealed.

And Englishmen of practically all classes have been ashamed ever since of that chapter of their history. But indirectly the experience did them good. There is no chance of them ever repeating it or allowing any class or interest to pull the wool over their eyes.

Of the situation in this country The Nation recently said: "Despite the admitted defeat, thru timely mobilization of public opposition, of the various bills recently introduced in Congress to restrict freedom of speech in time of peace, it is believed at Washington that further attempts will be made to attain the same end.

Formidable industrial interests whose object is to fetter organized labor will, of course, continue their propaganda; and it is worth recalling that, during the early weeks of American participation in the war a comparatively mild censorship bill was defeated, but that after the public had been sufficiently aroused by a mass of almost wholly unfounded stories of "spies" and "plots," far more drastic measures were passed with ease.

Attorney-General Palmer is still chafing over what he is pleased to call the hiatus in the present law. The law provides for the punishment of any individual who attempts, or incites an attempt, to overthrow the Government by violence. It also provides for the punishment of two or more persons who conspire to overthrow the Government by violence, even when no overt act is committted. Mr. Palmer wants to extend this legislation to reach one person even when there is no overt act.

This is precisely what the framers of the Constitution sought to avoid, knowing that any such law must necessarily give the executive and the courts the power to place their own interpretation on the intentions of every individual who expresses his ideas publicly. This would mean the end of free speech."

New York Day-By-Day

By O. O. McINTYRE

NEW YORK, March 12.—Thoughts while strolling around New York: Times Square at night! Little chestnut vender huddling over his coals. Screech of the subway roars through the gratings. Like pulling a slate pencil through tight teeth. Br-r-r! Samuel Gompers strolling along unnoticed. Old hag clutches at sleeves of passers-by. Drugs.

Considines place. The haunt of sporting men. Crowds used to gather here to hear Wilson Mizner spin colorful tales. Across the way was the rendezvous of the Gondrof wire tappers. Lawless egoists who tossed flowers hung with diamonds to chorus girls to help spend their incredible spoils. Those were gay nights in this turbulent valley of light!

A variety actress leaving a pawn shop. Keeping back the tears. Theodore Dreiser watching the kitten and the ball of yarn in electric lights. Crowd of Danish seamen out on a lark. The thunder of the Telegram presses grinding out after-theatre extras. And yet they wonder why there is a paper shortage.

That was a jazzy telephone conversation I butted into this morning. Wonder who they were? She called him a Lynx-eyed leper. And he said he'd strangle her on sight. I've never attended a first class choking. Detective Barney Flood looking over the night creatures. Has arrested international crooks all over the world. Looks like a little Scotch shop keeper.

Everybody is taking home a box of candy. Theatres letting out. There goes Jane Cowl home in a limousine. Now the hawkers come out. Furs, diamonds. Silk hats. But they don't go to the cabarets. Perhaps they go home to their own little cellars.

Street clogged with cars. Hear the megaphone shouts of the Metropolitan carriage callers five blocks away. They make fortunes in tips. Now it is getting quiet. After midnight. Distant grunt of an auto horn. Clatter of a cab horse echoing thru the street. Broadway is getting ready to sleep. So I'll go home.

Who is New York's most popular matinee idol? One morning newspaper says it is John Barrymore. An evening paper says it is Norman Trevor. At any rate the sweet young things crowd to see both. There are few purer forms of love than these long distance idylls and it is a big boon for the box office. The youthful worshipers are chastely chaperoned by an elderly vestal. They deny themselves fudge, romantic novels and ice cream sundaes to be in at the front row. It is the old story. Always it is the woman that pays and pays and pays.

This has been a great season for the fur dealers. Prices double over night and they blandly tell the customer that they will double many times over by next October. It may be true and it may not but New Yorkers with fat purses are taking no chances. The interior of the new fur stores that have sprung up on the Avenue are gorgeously decorated. There are about 10 salesmen for one customer and models galore. No one is urged to buy. But if you don't buy they tell you sadly that next fall it will cot you many times more.

Helene Gammeltoft, the Danish Mary Pickford, has arrived in New York to take a whirl in the American movies. Eve Balfour, the English Theda Bara, is in town also to show a little British vamping and it is whispered in the studios that the American gelatine ladies are getting mighty jealous and that there may be a hair-pulling any day. Getting $5000 a week for a year and for about 10 weeks actual work is just a bit too soft not to battle over if any interlopers try to break into the charmed circle.

WALT MASON

THE POPULAR GAME

Every one is profiteering, every one is profit-struck; no one's pleased unless he's clearing ninety cents on every buck. I would buy myself some clothing—something shelf-worn would suffice—but my soul is filled with loathing when I contemplate the price. I would buy a slab of bacon, but the man who sells the same by his conscience is forsaken, and his prices are a shame. I would like to paint my shanty, whose appearance is a frost, but the burning words of Dante can't do justice to the cost. Now and then I go a-questing for the reason for this craze; and the blame is always resting on some distant nameless jays. Oh, the blame is never local, it is always most remote; and each man, profanely vocal, says some others get his goat. Vain is all our loud resistance to the graft that makes us sick; always in the hazy distance are the knaves who do the trick. Always in elusive shadow is the profiteering group, which has found its El Dorado, while consumers find their soup. Far away are robbers shameless who harpoon us thru and thru; and your merchant prince is blameless—he gets stung as well as you.

PEOPLE'S FORUM

CO-OPERATIVE FAILURES

Editor the Tribune

Mr. Marshall in the People's Forum, under the headlines, "Too Much Materialism," said that Uncle Sam was well aware of the fact that the government is a matter of big affairs, and that he wanted men of big affairs to represent the big government and said that he was perfectly satisfied. So it is plain to see that brother Marshall is not a real Democrat, for we all know that democrats with a little d are opposed to monopolies.

There was a time when these men would produce large quantities and put it on the market for less money than the smaller producers could, and put the small man out of business. This method only had a bad effect on a few and helped the masses of the people. At that time supply and demand worked alright, but when we got into war and the grafters charged the government $25,000.00 for a $1,500.00 aeroplane and other things in proportion, the grafters became wise and produced small quantities for large money. In that way they save their material and pay for less labor.

Mr. Marshall says that there is one alarming fact, and he has it from good authority, that there are four hundred and seventy-one radical newspapers published, many of which are urging the overthrow of the government. He must have gotten that from General Palmer and it would not surprise me if Mr. Marshall would be Palmer's running-mate. From what I have been reading, they both need some government training before they take the reins.

His alarm puts me in mind of the campaign when Bryan made his first run. The Democrats had a meeting at Warsaw and the Republicans had a lovefeast the same night. The Democrats had a Coshocton lawyer to speak who had a great ambition for office. He told the people that Republican speakers over the state were saying that if Bryan would be elected and take his chair, he would be forced out at the end of a bayonet. That statement with others like it raised quite an exciting time. We, also, had a man in Warsaw, who had his cap set for office and he got excited and ran down to his store and got out all the tin horns he had and down went the Democrats to blow up the lovefeast, and down came the Republicans with bed rails that were stored in the hall, and of course, a man with a tin horn could not fight a man with an iron bed rail so the Democrats ran.

In two years, the same man came back to speak in the Governor's campaign and the old man who was scared the worst at his first speech, slept in sweet peace during all the meeting. It was too soon after the first scare to fool the people. Palmer and brother Marshall's scare will have the same fate. It is too soon after the Kaiser's scare to fool the people.

Marshall makes the coal miners this propostion. One thousand miners should buy 1000 acres of coal land and start a coal company of their own. So, we will call that a co-operative coal mine. Well we will see how these co-operative companies work. Take the farmer, for it is my belief that if the farmer can not make things go, there is no use for other people to try it. The farmers at Warsaw had a co-operative order called "P of I." I wasn't a farmer, but I was a member, and I furnished a room and hauled the goods free of charge. Well, we had lots of fun and bot some pepper, and stale crackers and some shoes that did not fit some people's feet, but we were all satisfied and had a good time until one day, two farmers traded horses and that "busted" the whole thing up.

Next was the Whiteley Co-operative Wire Plant. This needs no explanation. There are at least, two hundred Tribune readers who have from $200.00 to $500.000 in that. They will tell you the balance. I do not know if Marshall had any stock in that or not. But, I am sure he had some stock in the Dickerson Co-operative Creamery.

Brother Marshall speaks of having the keys of Heaven and Hell. He must think these places are locked up. No, there is no need of locks there. The people in Hell can't get out and the people who are out do not want in. The people in Heaven do not want out and the grafters have no wings to fly in.

Myron T. Herrick was advocating a movement that would have largely solved the labor question. His plan was to establish banks and lend money to young men at a low rate of interest and long terms, on land, but before he got that to working, the European politicians got afraid of the Socialist movement and started a family war to kill the poor people and so this opportunity for large profits upset his project. So I close advising Brother Marshall to read our editor's editorials on government and thereby save himself much embarrassment in writing on government affairs.

The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vick's VapoRub may help nature to complete the process of repair. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 231 Broad Street, Greensboro, N. C.

SUFFERED MONTHS FROM THE EFFECTS OF THE INFLUENZA

Couldn't regain lost strength, appetite poor, stomach weak, and lacked ambition.

HYPO-COD BUILT HER UP

"I suffered for months with the after effects of the "flu" It seemed like I could not get strong and well again. No appetite, stomach was weak. Could hardly do my housework. I felt ambitionless, and good for nothing day and all night long. Earle's Hypo-Cod put me back on my feet though in just a few days and I recommend it everywhere. A neighbor next door said only yesterday she was getting a bottle, declared Mrs Ella Carter, 877 Pennsylvania Ave., Columbus, Ohio.

"I sure do feel better now, continued Mrs. Carter, "I eat everything, sleep good, get up feeling rested and go ahead with my housework and never mind it at all. It surely helped me quicker and more than anything I ever used."

Thousands on getting over a spell of long wasting illness, get back on their feet days and weeks sooner by using this new and much more powerful tonic. It fortifies the system so quickly too against the complications that are so apt to set in while you are in a rundown weakened condition. Go down to the drug store tonight and secure a bottle. Read the formula plainly printed on the carton.

Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns. Price $1.25 plus 5c war tax.

MARION CO. FARMER CAN SEE DECIDED CHANGE IN SELF

Was taking medicine all the time but none seemed to hit the right spot.

ALWAYS BILIOUS

Restless, nervous, bad taste in mouth, but the great herb remedy Dreco knocked it out for him.

"I had to be taking medicine all the time, yet I didn't seem to be getting rid of my troubles till one day I got some Dreco and it went right to the bottom and cleaned me out," said Mr. Geo. Gelder, the well-known farmer, near Caledonia, Marion-co, O.

"I was bilious all the time; had headaches, dizzy spells, bad taste in my mouth and my breath was foul. I was so restless and nervous that I couldn't get a night's sleep. My stomach didn't seem strong enough to digest my food and dyspepsia had a hold on me.

"I bought some Dreco, as I heard it spoken of very highly, and that's the first medicine that ever did me any real good. It got my bowels moving nicely, cleaned the excess bile from my liver, which relieved my headaches and stopped the dizziness. My nerves calmed down so that my rest at night was good. My stomach feels a great deal better, being free of gas and no griping pains. Dreco sure did help me, and I see a decided change in my condition."

The old-fashioned roots and herbs are the best medicines for us to take. Dreco contains the juices and extracts of twelve different herbal plants, which act on the stomach, liver, kidneys, bowels and enrich the blood. Get Dreco today.

All good druggists sell Dreco and it is highly recommended in this city by Page & Lorenz.

A large number of the Coshocton W. C. T. U. membership was present at the meeting held Thursday afternoon at the home of Mrs. B. A. McGinnis, 354 south Tenth-st. The program for the afternoon was an especially interesting one. Mrs. McGinnis gave the scripture lesson and members of the union offered special prayers for the success of the evangelistic services being conducted at Grace M. E. church. Mrs. Sarah Powelson gave the reading "Flowers for the living."

The reports relative to the work being done by the union were unusually pleasing. The president, Mrs. Belle Stevenson, read the report of the Jubilee fund committee which showed the members had raised $102. Twenty new members have been added to the union since October. A silver medal contest under the supervision of Mrs. Bachman will be given the second week in May. The exact date will be announced later.

CAILLAUX'S TRIAL MAY BE CUT SHORT BY COURT RULING

PARIS, March 12.—The treason trial of former premier Joseph Caillaux probably will be considerably shortened by the decision of the high court of justice to eliminate matters referring to the pre-war period. This also makes it unnecessary to hold a secret session of court to consider the death warning Caillaux is said to have sent to King Alphonso of Spain, during the Akadir crisis.

The spectators thus will be cheated of their opportunity to hear testimony on the killing of Gaston Calemette editor of a newspaper by Mrs. Caillaux just a few months before the war broke out. Herbaux who prosecuted Mme. Caillaux was among the government's witnesses but he will not be called.

Mme. Caillaux before the resumption of the trial today, expressed gratification over the decision of the court.

"It certainly would have stirred up tragedy memories that I have been trying to forget," she said.

M. Barrer, French ambassador to Rome, gave testimony today regarding Caillaux's visit to Italy. He said he had called the attention of the French foreign office to the fact that Caillaux was consorting with Germanophils in Italy as well as 'defeatists and crooks.'

M. Barrer said his attention had been called to Caillaux's activities in Italy by the British and Russian envoy at Rome.

The number of judges is gradually decreasing as a result of their voluntary absence form court for political reasons. Three more senators failed to respond to roll call on Tuesday. One of them M. Labatut, of Gironde, who is a candidate in the 1920 election.

The accused statesman continues to astonish the court by his prodigious feats of memory. While Dr. Rodenbach, a Brazilian editor was testifying as to the date of a certain luncheon which Caillaux attended in Rio Janerio he made a slip and Caillaux instantly corrected him, saying:

"Pardon me, but January 28, 1915, was on a Thursday not Friday."

FRENCH PRESS IS PLAYING TO STATES

PARIS, Mar. 12. — "For God's sake let us do nothing further to alienate America," was the appeal made today by the Newspaper L'Information. It urges that no new steps be taken regarding Turkey without a definite indication as to America's attitude.

This view largely reflects the opinion of sober newspaper in the serious Turkish situation.

The newspaper Liberte, commenting upon the statement by French military experts that at least 200,000 troops would be needed in Asia Minor in case of fresh Turkish provocation at Constantinople bringing about an open breach, asks where these soldiers are to come from.

"From present indications the United States and Italy would not partcipate in military measures, while England would be busy elsewhere. It is to be regretted that France, who has been urging a policy of moderation towards the Turkish nationalists, is likely to find her troops engaged alone in Asia Minor, if the British demonstration at Constantinople causes fresh troubles," said Liberte.

The Journal Des Debats severely criticizes British and French diplomats for attempting to ignore the United States in the Adriatic settlement.

"President Wilson's impudent charge that France is militaristic is conclusive proof that he is not yet restored to health," said the Paris Midi.

L'Information takes a more moderate view. It reminds President Wilson that France is compelled "always to watch Germany."

WET MAJORITY IS CUT DOWN TO 174

COLUMBUS, O., Mar. 12. — Eight votes were gained by the drys up to noon today in the dry-wet recount on the federal prohibition referendum reducing the wet majority to 174. Ten Toledo precincts were recounted. In all 75 precincts have been recounted. The original wet majority was 479.

SAFE IS BLOWN

SPRINGFIELD, O., March 12.—Yeggs blew the safe of the Devine Milling Company, at Beattytown, five miles south of here, during last night and secured $129 in money and other valuables. The safe was badly shattered. Local authorities are making an investigation.

HARTFORD—Jack Britton defeated K. O. Palitz in 10 rounds. Joe Lynch defeated Sammy Waltz in ten rounds. Young Shaney knocked out George Brown in the fourth round. Eddie Waltz defeated Kid Lewis in six rounds.

AT PLEASANT HILL

Services will be conducted at Pleasant Hill church Sunday afternoon at 2:30. W. A. Holmes, state director of Sunday-school and young people's work of the Ohio Baptist convention, will deliver the sermon. Sunday school will preceed the preaching services, starting at 1:30.

SPORT NOTES

TAMPA, Fla.—Hank Shanks is now being groomed to play first base for the Senators. Clark Griffith is holding both regulars and yannigans in leash for a few days until they have had an opportunity to work.

HOT SPRINGS, Ark.—There are more breakers ahead for the Red Sox. Oscar Vitt, star third baseman, insists he will spend his summer in California unless he is given a substantial increase in salary.

MILWAUKEE — Pinkey Mitchell shaded Barney Adair, of New York, in ten rounds.

"That Tumble-down Shack in Athlone"

sung by

JOHN McCORMACK

This is one of the songs which have endeared Mr. McCormack to so many thousands on both sides of "The Water," and enhanced his fame as one of the great ballad singers of modern times. It is a song of his Irish homeland—of his desire to see again the tumble-down shack with its single light shining at the window, lighted by the old mother to welcome the returning pilgrim.

Two Splendid Vocal Quartets

"Now I Know"—sung by the Shannon Quartet

"I'll Always Be Waiting for You"—sung by Peerless Qt.

"Now I Know" is a song of lost love in which the harmonies blend with a singular richness and sweetness of effect. The melody is tuneful and catchy and the rhythm that of a rather slow fox-trot. "I'll Always Be Waiting for you" is in a slower and possibly even tenderer strain. It is in a slow waltz tempo.

Victor Double-faced Record, 18642

"Was There Ever a Pal Like You?"

Sung by Henry Burr

"You're a Million Miles from Nowhere"

Sung by Charles Harrison

These are two catchy songs sung as one would expect these popular artists to sing them. It is a splendid record.

DIPSOL

NOT A GARGLE

NO IRON ALCOHOL OR HARMFUL DRUGS

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite Influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive homemade remedy that will bring relief in less than a day and will stop all discharge and sooth and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Four three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

LUDENDORFF IS SUPPORTER OF HINDENBURG FOR THE PRESIDENCY

BERLIN, Mar. 12. -- General Ludendorff has come out in support of the presidential candidacy of Field Marshall von Hindenburg who is being boomed by the Nationalists.

General Ludendorff, who was chief of staff to Hindenburg during the war, is quoted as saying, "The Field Marshall is the best incumbent since the Germans have no monarch."

A compaign rivalling the hottest political fight the United States has ever known is in prospect before the presidential election is delivered next fall.

The leaders of the democratic party at a special meeting decided to oppose the candidacy of Hindenburg and if the rank and file of the party keeps in line it probably will mean Hindenburg's defeat as the supporters of the veterans' candidacy were relying on votes of the democrats and conservatives to elect him.

It seems certain now that Hindenburg will accept the nomination of the nationalist party it was declared by George Gothein, floor leader of the democratic party in the National Assembly.

"General Ludendorff has already declared at a public meeting that Hindenburg is the best man for the place under the circumstances. This demonstrates that, from the beginning, Hindenburg's candidacy has been promoted by the militarists and the monarchists.

"Despite the unhappy outcome of the war for the Germans, Hindenburg remains a popular idol with the people. But while a good general he is not a politician. There have always been misfortunes when a popular general was entrusted with a high political post. Look back to the times of Wellington after the Napoleonic wars which was one of the saddest and most backward periods of English history. The French had a similar experience when General Mack mahon was elected president of the Republic."

HOUSTON, Texas —A drizzling rain and almost freezing weather caused a holiday for Branch Rickey's Cardinals. Manager Rickey is elated over the arrival in camp of Jacques Fournier, the Cardinal's new first baseman. Rickey announced he had signed Dody Blades, a left handed pitcher of Dallas. The youngster stands six feet two inches and weighs 200 pounds.

FRECKLES

March Brings Out Unsightly Spots. How to Remove Easily.

The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind, Othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength Othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.

Insurance Man Tells of Friend's Recovery

"He suffered considerably from gas in stomach and colic attacks, and at times was very yellow. His doctors diagnosed his ailment as gall bladder trouble and that an operation was necessary. Some one persuaded him to try Mayr's Wonderful Remedy. Since taking it one year ago he tells me he has been able to eat anything." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash poisons and toxins from system before putting food into stomach.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment.

A splendid health measure is to drink, before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the alimentary canal before eating more food.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing.

STOCK MARKET

NEW YORK, March 12.—Vigorous buying at the opening of the stock market today caused upturns of from fractions to 10 points in all of the active issues.

Steel, common, sold at 100¼, an upturn of ⅛. Baldwin Loco rose 1¾ to 122½; Crucible steel 2½ to 231 and Bethlehem Steel B, 1 point to 93¼.

General Motors led the motor group with an advance of 10 points to 333½. Pierce Arrow rose 1⅞ to 66, Studebaker 1⅛ to 98⅜ and Chandler Motors 2¾ to 147.

Mexican Pete, selling ex-dividends of 2½ per cent, rose 3 points to 188. Pan American Pete sold ex-dividends of 1½ per cent and after yielding to 93⅞ rose to 95¾, a gain of 1¼ from yesterdays close. Texas Company was 2⅝ higher at 200⅝. Reading was most active of the railroads, advancing 1½ to 85¼. New Haven rose 1⅜ to 36½ and outhern SPacific nearly one point to 101¼. Industrial Alcohol continued in demand, advancing 3⅜ to 95¾.

LANSING, Mich., March 10—Former secretary of the treasury William G. McAdoo has requested Coleman Vaughn, secretary of state, to withdraw his name from the Michigan presidential primary ballot, it was announced today. In his communication Mr. McAdoo stated that his convictions were against any attempt to forestall the action of the national convention months in advance of its session, "and without regard for conditions that may exist when the delegates meet."

LAKE CHARLES, La.—The Athletics are fast rounding into form, despite continued cold weather. Dugan and McCann are fielding the ball exceptionally well and Mack has apparently picked a "comer" in Pitcher Rommel, who comes from the Newark Internationals.

A DOCTOR IN THE HOUSE FOR THIS FARMER'S FAMILY

Such Is Nerv-Worth When Parents and Children Are "Off Their Feed"

An Especial Message of Comfort To the Ailing Mothers of Young Babes.

The following highly interesting praise was given to East Liverpool's Nerv-Worth druggist a few days ago. Every suffering reader, every friend of such a sufferer, should read Allen Guthrie's words at least twice, so important and convincing are they:

C. T. Larkins—We have many reasons to praise Nerv-Worth at our house, as we all have at different times taken it. After our last little girl was born the mother did not get strong as fast as she should. Her appetite was very poor and she could not rest well at night.

I got her a bottle of Nerv-Worth and she had only taken a few doses when we noticed an improvement in her condition. She took three bottles at that time. And now when any of us get "off of our feed" or feel bad we take some Nerv-Worth and get all right in a short time.

ALLEN GUTHRIE,
East Liverpool, O., R. F. D. 2.

The children also take Nerv-Worth in the Guthrie home and there are three of them.

Smith's Drug Store, Page & Lorenz, and Metzler and Robertson sell Nerv-Worth in Coshocton.

The Citizens Building and Loan Association in order to meet the demand for loans will issue a limited amount of it spaid-up stock (shares $100.00 each) paying dividends at FIVE and ONE-HALF per cent per annum payable semi-annually, with privilege of withdrawal at any time. Apply to C. B. Hunt, Secretary, Hunt Bldg., Coshocton, O. Phone 277.

Eases Colds

At once! Relief with "Pape's Cold Compound"

The first dose eases your cold! Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

Relief awaits you! Open your clogged-up nostrils and the air passages of your head; stop nose running; relieve the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's!

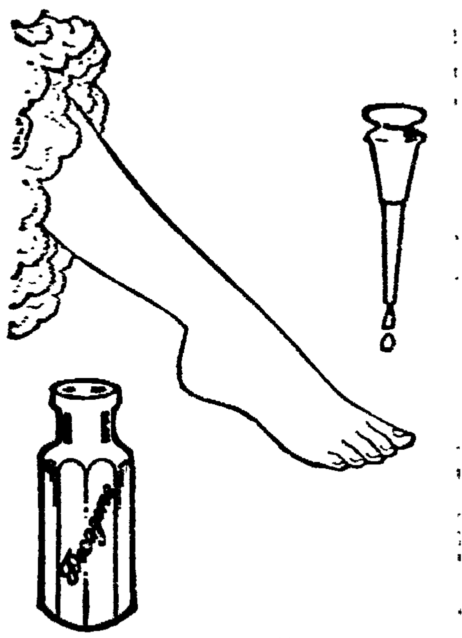
DRY GOODS MAN FORECASTS DROP IN PRICES SOON

COLUMBUS, O., March 12.—A drop in prices in this country is coming because imports from nations indebted to the United States are increasing. The claim was made by S. H. Ditchell, New York dry goods economist addressing the fifth annual convention of the Ohio Retail dry goods association here.

"High prices resulted from the fact that money decreased in value, and this, in turn, is due to the fact that, while the amount of money has increased, the amount of goods purchasable has not kept pace,' said Ditchell.

Claiming that the retailer is the target for "every reformer and economist with half baked ideas" R. B. Dunn of Lima, said that if all the retail associations will co-operate in a counter propaganda they will be more successful.

The convention decided to select a committee to consider formation of a state federation with other retail organizations. This activity may end in the creation of a national federation.



LIFT OFF CORNS!

Doesn't hurt at all and costs only a few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

The Crown of Womanhood

is motherhood. But many women face the ordeal of maternity without sufficient preparation. At such times and later—the mother should take a vegetable tonic, sold by druggists and known in almost every home as Doctor Pierce's Favorite Prescription. Thousands of women have testified as to its efficacy as does the following:

CONNEAUT, OHIO.—"After motherhood my health seemed to fail. I became all run-down, was weak and nervous, restless, could not sleep at night, and became so completely down and out that I was almost an invalid when I saw Dr. Pierce's Favorite Prescription advertised and decided to take it. The first few bottles gave me such wonderful relief that I kept up its use and in time I was completely restored to a strong healthy state. 'Favorite Prescription' is the finest midicine I have ever taken and I take great pleasure in giving this recommend."—MRS. M. F. ALLEN, 443 Shore Court.

MRS. TABOR IS ILL WITH WEAK HEART

KALAMAZOO, MICH., Mar. 12.—Mrs. Sarah Tabor, awaiting trial for the murder of her daughter, Mrs. Maude Tabor Virgo, whose body was found in a chest in the Tabor home at Lawton four years after her death, was in a hospital here today suffering from heart trouble. Her illness followed her re-arrest on a warrant issued after a supreme court order admitted her to bail and ordered Judge Des Voignes, who held her for trial, to show cause why he did not dismiss the charges against her.

The original case against the aged woman has been dropped and entirely new proceedings have been begun. The new developments will postpone her trial, set for opening at Paw Paw, March 15.

Mrs. Tabor's illness was superinduced by her action in climbing eight flights of stairs to her attorney's office, it is believed.

"I would not take elevator because I'm not used to such things," the old woman explained.

SKIMS CLEAN AT ANY SPEED

"Skims clean at any speed"

"We dare anyone to knock it off"

AS a Sharples dealer, we stand ready—and eager—to prove that the Sharples Suction-feed cream separator *does* "skim clean at any speed."

We will furnish reports of official tests, conducted by the U. S. Government, State Agricultural Colleges and experts of the dairy industry, that prove conclusively the truth of this all-important Sharples claim.

We do this gladly, knowing that backing us up is the world's largest manufacturer of cream separators—the Sharples Separator Company—with proof upon proof, in black and white, of the remarkable ability of the

SHARPLES SUCTION-FEED CREAM SEPARATOR

to get *all* the butterfat at any speed.

Lastly, we will *demonstrate* to anyone that the Sharples Separator, every day of its use,

Skims clean
at any speed.

Any Sharples user in this neighborhood will do the same.

JURY IN CENTRALIA CASE EXPECTED ITS INSTRUCTIONS TODAY

MONTESANO, Wash., March 12.—The last evidence having been presented in the Centralia murder trial here, the court today probably will read its instructions to the jury. Considerable importance is attached to the instructions as they will be the first of their kind yet delivered in this state.

Arguments on the instructions of the court possibly will require the remainder of the day and may continue tomorrow. The defense has the privilege of calling witnesses to the stand today, but it is not believed the defense will avail itself of this privilege.

There is a possibility that the case will go to the jury tomorrow night instead of Saturday night. The jury is composed principally of farmers who have evinced a desire to return their labors at the earliest possible date.

AFRAID OF THE DARK AND DIES

WILMINGTON, DEL., March 12.—Afraid to stay alone in the dark, 4 year old Dorothy, daughter of Girard Corletto, No. 404 Scott-st, met her death early yesterday morning when she tried to turn on the gas in her mother's bedroom. Thinking the child asleep, the mother slipped out to visit friends last night. Returning at 1 o'clock, she found the house filled with gas, an ambulance at the door and a curious crowd watching attendants carry out her dead child. She collapsed.

The little girls was found by a passerby, who traced the smell of gas to the house and made his way to the bedroom. She lay tumbled across the bed as though asleep. The father, a seaman in the navy, has been away on a year's cruise and is expected home within a few days.

SAILS FOR EUROPE

Mrs. Louisa Watson, 630 south Eighth-st, received a letter Tuesday from her son, Jesse M. Watson, stating that he has been promoted from the signal school, a branch of the U. S. navy at Hampton Roads, Va., where he has been since last July, and is now on a ship which will sail soon for Europe. His many friends here will be delighted to know of his advancement.

BOSTON, March 11—Deerlstand is to be made the national concentration camp for U. S. political prisoners. Between 1,200 and 1,300 such offenders are to be confined there.

WTSHINGTON, March 12.—Senator Morris A. Sheppard, author of national prohibition amendment, said today:

Prohibition as a political issue is so dead that wets trying to revive it will be unable to make even a respectable impression at either the Republican or Democratic convention.

"No one need be worried by the present wet flurry—the attempt to revive a political corpse. It is hopeless.

"The agitation represents no change in sentiment—no weakening of the American people on the 18th amendment.

"It is all noise and clamor, originating with and confined to an irreconcilable minority.

"This minority represents certain wet elements that do not recognize the truth that the liquor traffic is dead beyond resurrection."

Bad Sickness Caused by Acid-Stomach

If people only realized the health-destroying power of an acid stomach—of the many kinds of sickness and misery it causes—of the lives it literally wrecks—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid stomach—pains of indigestion; distressing, painful bloat, sour, gassy stomach, belching; food repeating, heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver; sometimes even catarrh of the stomach and intestinal ulcers and cancer.

If you are not feeling right, see if it isn't acid stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloat, belching, and heartburn that indicate acid-stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvelously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief.

So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

Begin To Purify Your Winter-Blood

Grandmother's Old-Fashioned Sulphur and Molasses Did It.

But Not So Well As This Sulpherb Tablet—Sugar Coated.

Thru the winter the blood accumulates poisons because you do not perspire enough, because you do not live in the open air, and because you eat more meat, mush and other rich foods. Every spring we feel sluggish, constipated, liver and kidney ills beset us, colds and chronic coughs, pimples, boils and carbuncles, all evidence of impure, thick, sluggish blood.

Sulpherb Tablets (not sulphur tablets) are composed of extracts of roots and herbs, combined with sulphur and cream of tartar and no better physic, blood-tonic and blood cleanser has ever been developed. Every spring thousands who already know their value take them to purify the system of Winter Poisons. Now is the time to begin, so you won't be attacked by serious ailments when Spring and Summer come. Sold by all druggists 60c per sealed tube with full directions.

TIRED, BODY AND SOUL?

Not Sick, But Still Not Yourself. Think You'll Be Better Tomorrow—Only You're Not

TRY TAKING PEPTO-MANGAN

It Isn't Sleep You Need, But a Good Tonic—More Red Blood

Everyone gets run down occasionally. Sometimes it's weeks before you get your energy, enthusiasm and happiness back again.

Any doctor will tell you to be careful in a time like this. Your body has little power of resistance, and the danger of catching some serious disease is great. Temporarily, your blood has too few "fighting" corpuscles.

It's the work of these same red corpuscles to keep you free from fatigue. Being constantly tired out—depressed in body and mind—is almost a sure sign that your blood needs help for a time.

Gude's Pepto-Mangan is a standard remedy in cases of anemia (or bloodlessness.) It supplies the iron and other properties your blood needs to catch up with its task of keeping you fresh and alert in every fibre.

Pepto-Mangan has the hearty endorsement of physicians, is an agreeable tonic to take, and may be had at any drug store in either liquid or tablet form. Both have the same medicinal value.

Be sure to ask for Gude's. There is only one genuine Pepto-Mangan, and the name "Gude's" should be on the package.—Advertisement.

HAVE YOU STOMACH TROUBLE

READ THIS

"I have had stomach trouble for twenty years and have tried several remedies, but they did me no good and I have doctored with physicians for ten years. I have taken three bottles of Marlix and it has done me more good than anything I have ever taken. Since I have taken Marlix I sleep well and can eat anything without hurting my stomach."—Mrs. E. H. Gaskill, Fort Wayne, Ind.

"I find that Marlix has done me more good than any doctor. I have been having sour stomach for two years and Marlix is curing me."—Mrs. Ollie Ledford, Greenback, Tenn.

If you want to be free from headaches, sour acid stomach, gas, belching, bloating, heart palpitation, nervousness and other distress you usually suffer, here is a sure way to end it.

Get a bottle of liquid MARLIX today. Use it as directed—then, watch your "stomach trouble" disappear. Watch yourself pick up. Watch how you eat, and how fine you feel after eating. Never mind how long you have suffered or what you have tried, MARLIX does not fail. It's only 75c and absolutely guaranteed by The Marlix Co., Fort Wayne, Ind., and druggists.

You can get it in Coshocton, at The Wimmer-Arnold Co.

WORLD'S LARGEST FARM AGENCY

"THERE'S A REASON"

(3,586) Thirty five hundred and eighty six sales totalling nearly ($18,000,000) Eighteen Million Dollars during 1919, to (3,586) Thirty-five hundred Eighty-Six satisfied customers making (20,000) Twenty Thousand sales during the past (20) years is a record to be proud of and the result of a nation wide reputation for value giving and square dealing.

(149,362) One Hundred Forty-Nine Thousand Three Hundred Sixty-Two buyers wrote us about farms last year, while (17,265) Seventeen Thousand Two Hundred Sixty Five buyers called at our office in New York, Boston, Chicago, Pittsburgh, Detroit, Minneapolis, Omaha, Philadelphia, Jacksonville and other cities.

WE USE OUR MONEY GENEROUSLY TO FIND A BUYER FOR YOUR FARM.

Advertising in newspapers, farm journals and magazines throughout the country at a cost of over ($100,000) One Hundred Thousand Dollars per year; as much more is spent in cataloguing; and maintaining at big expense offices throughout the country to aid our customers are some of the ways we help get a customer for your farm.

ODDS 20 TO 1 IN FAVOR OF STROUT, SAYS RAVENNA MAN.

H. H. Hughes of Ravenna, Ohio, whose farm we sold, says: "Your numerous representatives in all parts of the country will bring buyers 20 chances to one against any local agent' and this is a section where farm salesmen are as thick as flies around molasses."

NO EXCLUSIVE LISTINGS.

Our method of doing business is based upon fairness and justice. Every farm owner who has had any experience with exclusive listings will appreciate the fact that we do not and never have listed any property in this way. If you list with us, YOU OWE US NOTHING UNLESS WE SELL YOUR PLACE. In the meantime you have the right to sell and if you do there is no charge of any kind made by us, unless you sell to our customer You have therefore, everything to gain and nothing to lose listing with us. THE FARM JOURNALS WILL TELL YOU NEVER TO LIST YOUR PLACE UNDER AN EXCLUSIVE LISTING.

JAPS ARE SPENDING LAVISHLY ON CRAFT TO CONTROL AIR

PARIS, March 12—Japan is spending $60,000,000 annually upon aviation equipment, it was stated today by members of the Japanese aviation delegation that is now in Europe seeking new ideas for the Japanese air forces. An order for 300 airplanes for the Japanese government has just been placed in France.

"The next war will be fought in the air," declared General Nagoaka, chief of the Japanese delegation. "The nation that is best equipped aerially will dominate both land and sea."

SICK WITNESS WILL FACE GRILLING ON THE STAND TODAY

GRAND RAPIDS, Mich., March 12—Arising from a sick bed today, Paul H. King, manager of the Newberry senatorial campaign and chief witness for the defense in the Newberry trial, went to the witness stand prepared to face the most grilling cross-examination devised by the government attorneys in the trial.

King, whose testimony has furnished the main foundation for the entire defense, collapsed three months ago from a nervous breakdown. Realizing what it meant to the entire case for the Newberry defendants to go thru with his testimony, he finally pulled himself together, making ready to take the stand today with a physician sitting beside him.

At the slightest indication of faltering, the physician will give him a hypodermic injection, so that he can carry on with his answers to the government attorneys questions.

After King leaves the stand the defense will rest its case. The government then will put rebuttal witnesses on the stand.

The Professional Man's Income Tax

A doctor, dentist, architect, actor, author, or other professional man or woman, must figure up his or her fees, salaries, royalties and other items of income during 1919 and file an income tax return if the net income was sufficient. From the total receipts certain items of necessary expense are deductible, but not living or family expenses.

Form 1040 or 1040-A shows the correct method of computation. There are two ways to figure net income (1) The cash basis, or actual receipts and disbursements; and (2) the accrual basis or income earned less expenses incurred whether paid or not, applicable to the taxable year. Where books are kept, the latter method is the correct one. Items of income from sources outside the profession must be considered in arriving at total net income for the year.

If unmarried or widowed, or if living apart from wife (or husband), return must be made in any case where net income is $1,000 or over. If married, return must be made if the joint net income of husband wife, plus earnings of dependent minors, if any, equal or exceed $2,000.

Returns and payments must reach the Collector of Internal Revenue by March 15, 1920.

RAISIN JACK DUMPED

NEWARK, O., March 12.—Federal officers arrested John Iacsis and Mary Forcea and confiscated four barrels of "raisin jack" mash, and dumped it in the river this morning. The charge of illicit distilling will be placed against the pair when they reach Columbus.

HOUGH RECOUNTS UNPRERAREDNESS LOSSES IN SPEECH

COLUMBUS, O., Mar. 12.—America's unpreparedness in the recent world war was disclosed in an address here by Colonel Ben Hough, of Delaware, former adjutant general of Ohio and commander of Ohio troops in the Rainbow Division during fighting overseas.

"In the battle of the Argonne Forest, I received as replacements some boys who had been in the service only 21 days," said Colonel Hough. "The day they entered the service, they were rushed overseas to a replacement depot and then rushed up to the battle front and ordered into the front line. Some of these boys were so inexperienced when they faced the enemy they had to be shown how to load and shoot their rifles.

"Considerably more than half of my casualties in the Argonne were among these inexperienced boys," the Colonel continued. "My veterans knew how to take care of themselves.

"This was not a square deal for our boys. They had a right to careful training before being sent into battle."

COSHOCTON AND CAMBRIDGE GIRLS TO MATCH PROWESS

The Cambridge high school girls' basketball team will play the girls' team of the Coshocton high school at the Central gym here Saturday evening. The Coshocton lineup is as follows: N. Green, rf; D. Denzer, lf; L. Johnson, c; H. Brode, sf; V. Ingham, [illegible]; Zelma Jones, lg; C. Lower and M. Robson, substitutes. The game will be called at 8:15 o'clock. This game is preliminary to the C. H. S. vs. the Zanesville game, which is to be played the same night.

FLOODS MENACE MICHIGAN LANDS

PORT HURON, Mich., Mar. 12—High water is reported from many sections of the state today, many streams nearing the danger point. Seventy-five families on Hulls Flats, near Flint, were driven from their homes early today when Thread Creek flooded city streets with several feet of water. Dynamite was used in breaking up ice jams during the night to relieve the flood situation above the city. Flint River, too, is within one and a half feet of it's record and fear is entertained than an overflow will occur. The Shiawasse and Cass Rivers, which empty into the Saginaw River, near Saginaw, are swollen to the edge of their banks. The Grand River is rising, but the channel is being kept open by dynamite to break ice floes.

KING'S COLLAPSE ON STAND NECESSITATES NEWBERRY'S RE-TRIAL

GRAND RAPIDS, MICH., Mar. 12.—The Newberry vote fraud and conspiracy trial, involving Senator Truman H. Newberry and 84 co-defendants, may be declared a mistrial with a new trial of the case to follow at some future time, as the result of the collapse on the witness stand today of Paul H. King, manager of the Newberry senatorial campaign and star witness for the defense.

King was carried from the courtroom, a limp bundle of exhausted nerves after a pitiful attempt of ten minutes to face the savage cross-examination of the government attorneys. He took the witness stand when the day's session opened, despite his weakened condition due to a nervous collapse three days ago.

SOPHOMORES WIN THE CHAMPIONSHIP

The Sophomore girls' team defeated the Freshmen girl's team in the final game of the season Thursday evening at the Central gym by a score of 9 to 5. This entitles the Sophomore girls to the championship for the year. The game was exciting from start to finish. Helen Brode was referee. The lineup was as follows:

Freshmen—G. Wolfe, rf; B. Eddy, lf; A. Peggs, c; H. Roland, sc; E. Clifton, rg; D. Harris, lg.

Sophomore—M. Robson, rf; I. Barlew, lf; D. Crawford, c; N. Lorenz, sc; M. Young, rg; E. Lower, lg.

BIG GAMES COMPLETE SEASON'S SCHEDULE AT THE CENTRAL GYM

The climax of the local basketball season is expected in the week end games with Columbus South High and Zanesville here Friday and Saturday nights, respectively.

Interclass games will be preliminaries for the big games that close the season. On Friday night the Juniors play the Sophomores, and on Saturday night the Seniors and Sophomores play for the interclass championship.

Referee Keifer of Newark will officiate in both of the main events.

The varsity team will line up with McBane and Trottman as forwards, Robson or Callahan, center, and Blinn and Senter guards.

The games start at 8 o'clock.
